8:30AM- 3:30PM

BROOME CHILD SAFETY SUMMIT

Beyond the Case: Centering Survivor Voices in Child Abuse Response

Dr. Sharon Zaffarese-Dippold
Author and Therapist

Join us for a survivor-centered conference focused on deepening our understanding of child abuse through lived experience, professional insight, & victim-centered practice. Attendees will leave with a deeper understanding of the survivor experience and tools for supporting healing, safety, & justice in their professional roles.

Keynote Speakers

Dr. Sharon Zaffarese-Dippold is a Licensed Clinical Social Worker with over 27 years of experience in individual, couple, and family therapy. Drawing from her own childhood in foster care, she authored the *Garbage Bag Life Series* to highlight her lived experiences and resilience.

Joseph Fazzary
Schuyler County DA

Joe Fazzary remained silent for nearly three decades about the sexual abuse he experienced as a child while simultaneously prosecuting similar crimes as a district attorney. For the past fifteen years, Joe has shared his perspective as both a survivor and prosecutor at conferences across New York, helping professionals better understand survivor experiences and the tensions between trauma-informed care and the criminal justice system.
