Full Job Description

Saratoga Center for the Family, a non-profit agency with main offices located in Saratoga Springs NY, has an exciting opportunity for a Licensed Clinical Psychologist to join the team.

Required: Candidates must possess a PhD, PsyD, other license eligible Clinical Psychology degree or equivalent. New York State license required.

Function: Administer psychological evaluation, testing and other measures to children and adults, act as a primary clinician and provide training and consultation to the clinical department.

Responsibilities:

- Support the agency's stated mission, short and long term goals and other development plans.
- Conduct clinical interviews, review case histories and consult with collaterals and agency clinicians as appropriate.

- Administer and interpret cognitive, developmental, emotional, behavioral, personality and other specialized psychological tests/instruments.
- Interpret test results and write thorough reports with relevant diagnoses and comprehensive treatment recommendations.
- Provide feedback to clients, family members, collateral service providers, and agency clinicians as appropriate.
- May act as a primary clinician for a small number of clients.
- Participate in all training, didactics and other professional growth opportunities.
- Participate in staff meetings and group clinical supervision on a regular basis.
- Conduct In-Service training for the agency.
- Keep abreast of the current trends and developments in the field of psychology, psychological testing, and evidence supported clinical methods, interventions and techniques.
- Provide supervision to psychology practicum students as necessary.
- Play a role in furthering a holistic, wellness based approach throughout the agency's programs.
- Fulfill other responsibilities as requested by the Clinical Director and/or Executive Director.
- Adhere to ethical conduct and performance standards as described in the American Psychological Association's Code of Ethics: GUIDELINES FOR PRACTICE: The Clinical Psychologist will follow the Ethical Principles of Psychologists & General Guidelines for Providers of Psychological Services as established by the American Psychological Association. The Psychologist shall adhere to all state and federal laws pertaining to his/her profession.

The Center is currently seeking to fill a full-time Licensed Clinical Psychologist position. The position may be able to be split into two part-time positions should candidates be interested in part-time opportunities.
