From Stuck to Empowered: Maintaining Momentum through Trying Times

Cody Byrns is an internationally recognized speaker and a number one best-selling author. In May of 2013, Cody's life was drastically changed. While stopped at a red light on the highway, Cody was rear-ended by a box-truck that failed to stop. As a result, he was considered dead until first responders saw his hand move.

He received many injuries that day, including severe burns to almost 40% of his body. After years of countless surgeries and rehabilitation, Cody has chosen to not allow his scars to keep him bound in bitterness and defeat. Instead, he uses his story to uplift others.
